

Tony Chess

Compliance & Technology Account Manager
U.S. Employee Benefits Services Group

Tony's responsibilities range from all aspects of compliance work, such as Wrap Document preparation, Summary Material Modification distribution, and 5500 Filings, to the implementation and maintenance of various technology and benefit administration systems, including bSwift, Worxtime and InRoll. He has extensive experience and knowledge around the Affordable Care Act, and ensures client groups of all sizes meet mandated requirements.

He has a comprehensive background in the finance industry, and related customer and client service industries with an emphasis on achieving and maintaining complete client satisfaction.
